Frequently Asked Questions

FAQ's

How long will it take to improve my speech?

It will depend on which course you choose, but improvements to your speech will be evident as soon as you begin the training.

Where do the one to one assessments take place?

One to one assessments will be carried out over the telephone unless you live in the Bristol area.

Do you do face to face tuition?

We can carry out face to face tuition but only in certain areas at present.

Are one to one assessments on the telephone as effective as a face to face assessment?

The elocution trainer only needs to listen to your voice to hear vocal inflections and therefore develop a plan for your speech improvement.

What kind of training materials will I receive?

You will receive audio CDs and a choice between DVDs or PC based CDs to help you learn. The DVDs will demonstrate how to form your words, and you can use the PC based CDs to learn whilst in the car or travelling.
